<https://www.naturalnews.com/2022-10-25-one-in-500-children-jabbed-covid-hospitalized-study.html> **One in 500 children who gets jabbed for covid ends up hospitalized, study finds** ... The Journal of the American Medical Association (JAMA) just published new research showing that one out of every 500 children who gets “vaccinated” for the Wuhan coronavirus (Covid-19) ends up suffering injuries serious enough to require hospitalization. ... The paper looked at 7,806 children aged five or younger who were tracked for an average of 91.4 days following their first injection with Pfizer’s mRNA (messenger RNA) shot. ... The retrospective cohort study was conducted using an authenticated online survey with a response rate of 41.1 percent. It included parents and / or caregivers who signed up children in their care for injection at one of Germany’s many outpatient care facilities.

<https://live2fightanotherday.substack.com/p/80-untimely-canadian-doctor-deaths> **The most convincing argument for the direct link between the Covid-19 jabs and the untimely young doctors’ deaths are the numbers for under-40s and under-30s.** ZERO (!) untimely deaths in 2020. Yet, to protect grandma, they were coerced to get the jabs and 6 have died in 2021. What’s more, a whopping 8 truly young doctors have died in 2022 already (!), this year’s tally is still growing, no doubt. Out of these 8 deaths, 3 are in young women, 5 are in young men. As to be expected with the reported heart inflammation issues post Covid-19 jabs hitting predominantly young men. ... Canadians are rejecting the booster And a story about how people in Ontario are rejecting the booster. They are no longer blindly following insane medical advice. This is more evidence that things just aren’t going as planned. Think about it... only 16% are getting the jabs despite the fact that there is no safety data available! Now, you’d expect that since there is no safety data available, that there would be 100% compliance wouldn’t you? After all, we are talking NO safety data!

<https://www.naturalnews.com/2022-10-25-covid-jabs-destroy-sperm-spontaneous-abortions-damage-ovaries.html> **COVID jabs destroy sperm motility, cause spontaneous abortions, damage women’s ovaries** ... The Food and Drug Administration (FDA) and the Centers for Disease Control (**CDC**) **ignored preliminary safety signals** in the Pfizer emergency use authorization (EUA) data. After Pfizer was court-ordered to release hundreds of thousands of documents related to their experimental vaccine, researchers uncovered serious safety signals that were ignored by government regulators. There is enough evidence to suggest that the mRNA vaccines pose a threat to pregnancy and contribute to infertility in both females and males. ... Vaccine spike proteins concentrate in distal organs, damaging the function of the ovaries ... For one, the engineered spike protein that is encoded and translated in the cells of the vaccinated tends to concentrate in the ovaries of women. The vaccine manufacturers had previously asserted that the spike proteins are neutralized in the deltoid muscle immediately after vaccination. Instead, the spike proteins evade immune detection, cause inflammation throughout the body, and concentrate in various distal organs, most notably the ovaries. The ovaries are the glands where eggs form, where female hormones oestrogen and progesterone are synthesized.

<https://www.naturalnews.com/2022-10-28-pfizer-admits-covid-vaccine-efficacy-still-unknown.html> ... **Pfizer ADMITS in contract that long-term effects and efficacy of COVID-19 vaccine “are not currently known”** ... Norman Fenton, professor of Risk Information Management at Queen Mary University London, was able to obtain copies of contracts between European Union member Slovenia and Big Pharma Pfizer. The documents acquired via a Freedom of Information Act (FOIA) request indicated protection of the pharma firm from any claim of adverse effects. ... “There are no benchmarks for success or efficacy of lowering disease symptoms, which were the sole critical endpoint of the clinical trials,” Peter Halligan noted in his post about the documents on Substack. ... According to Fenton, there were four different contracts dated December 10, 2020 and March 4, April 7 and Sept 28, 2021. The documents show the number of doses ordered per month, but the prices are redacted. He noted that even the latest contract contained this statement: “The Participating Member State further acknowledges that the long-term effects and efficacy of the vaccine are not currently known, and that there may be adverse effects of the vaccine that are not currently known.”

<https://www.naturalnews.com/2022-10-27-doctor-graphene-sheds-vaccinated-destroys-cells-clots.html> ... Doctor claims GRAPHENE sheds from vaccinated to unvaccinated resulting in destroyed blood cells, clots ... According to Dr. Philippe van

Welbergen, this is exactly what is happening. ... Welbergen has taken a particular interest in the graphene component of the shots, which appear to be self-assembling inside people's bodies as large fibers and unidentified structures that turn to clots. ... In some cases, these clots are gaining magnetic properties that Welbergen and others believe are capable of facilitating an electrical charge. These are complex bio-structures, in other words. (Related: Evidence shows that covid "vaccine" vials do, in fact, contain graphene oxide.) ... Up until now, it was mostly believed that these graphene-based clots stick with the person into whom they were injected. But there is now evidence to suggest that the unvaccinated might be picking them up as well via shedding.

<https://www.naturalnews.com/2022-10-26-amsterdam-marathon-heart-problems-athletes-vaccine.html> **"Large amount of unwellness" at Amsterdam Marathon part of wider trend of heart problems among athletes since COVID-19 vaccine rollout ...**

Marathon organizers were not prepared for the high volume of problems, and traffic police in The Hague were called in to provide assistance to the Amsterdam unit. Six ambulances from other areas were escorted by motorcyclists to Amsterdam hospitals to deal with the problem, and it appears to be part of a growing trend involving healthy athletes experiencing heart problems in the wake of the COVID-19 vaccine rollout. ... When the police tweeted that they hoped the affected athletes' conditions were improving, one commenter stated: "My girlfriend was one of the helpers at the Amsterdam marathon and saw at least three people being resuscitated and many being taken away. But, of course, that has nothing to do with the poison shots."

HUGE: COVID Vaccine Injury Payments EXPLODE in Australia – More than 80 Times Higher than Last Year ... Payouts for Covid-19 vaccine injuries are set to explode more than 80-fold to nearly \$77 million by July next year, Tuesday's budget papers reveal. ... The figure was quietly buried in the Services Australia portfolio budget statement, in a table detailing third-party payments from the agency "on behalf of other entities". ... Services Australia administers the scheme for the Health Department. ... The table reveals that in 2021-22, the Covid vaccine claims scheme paid out just \$937,000 — which would work out to about 47 people if they each received the maximum tier-one amount of \$20,000. ... But in 2022-23, that amount is estimated to blow out to \$76.9 million, equating to 3845 tier-one claims.

<https://www.naturalnews.com/2022-10-26-cardiologist-all-covid-jabs-suspended-immediately.html> **Cardiologist says all covid jabs must be suspended IMMEDIATELY ...**

Dr. Aseem Malhotra, a renowned cardiologist based out of England, made another appearance in the media, this time with Fox News' Laura Ingraham to warn against Wuhan coronavirus (Covid-19) "vaccines." Malhotra told Ingraham that all mRNA (messenger RNA) injections, including those from Pfizer, BioNTech, and Moderna, need to be immediately suspended from all further use ... Malhotra went on to reveal that research out of Israel found that people aged 16-39 — meaning people in the prime of their life — have a 25 percent "absolute increase in heart ...attacks and cardiac arrest," which cannot be attributed to the alleged "covid virus" itself.

<https://www.naturalnews.com/2022-10-28-expert-vaccinated-responsible-end-western-civilization.html> ... Vaccine expert says "the vaccinated" are responsible for the impending "end of Western civilization" ... Independent virologist and vaccine expert Geert Vanden Bossche has a new message for the world about what is soon to come as a result of Operation Warp Speed. ... An end-of-the-world situation is brewing, the former Bill & Melinda Gates Foundation employee says, that will certainly take down at least some of Western civilization. And the culprits, he insists, are the "fully vaccinated." ... Once antibody-dependent enhancement (ADE) and other forms of vaccine-induced AIDS (VAIDS) run their course inside the bodies of the jabbed, healthcare systems everywhere will quickly become overwhelmed with sick and dying patients. ... Entire hospital systems and health care groups will likely collapse under the weight of all that disease and death, which in turn will collapse society as we currently know it. (Related: In 2021, Bossche warned the world that trying to vaccinate out of a plandemic only promotes the creation and spread of new "variants.")

<https://sciencefiles.org/2022/06/06/die-naechste-katastrophe-prionen-regionen-in-covid-19-impfstoffen-und-creutzfeldt-jakob-krankheit-als-resultat/> ... **The Next Catastrophe: Prion Regions in COVID-19 Vaccines and Creutzfeldt-Jakob Disease as a Result?** ... Prions are proteins found in human and animal organisms. Function: Unknown. Conjecture: In humans, prions found in the brain have something to do with long-term memory. Prions exist as PrP SC and as PrP C . Both have the same amino acid

sequence but are folded differently. As a result, PrP SC are helpful and PrP C are pathogenic. It is assumed that diseases such as Creutzfeldt-Jakob arise from the fact that PrP C , i.e. the incorrectly folded, pathogenic prions, overwrite the correctly folded and helpful PrP SC , and deform them. Once the deforming process begins, there seems to be no turning back.

<https://childrenshealthdefense.org/defender/covid-pandemic-nih-unc-fauci-baric/> **New Analysis of COVID Virus Suggests Fauci and Baric’s Fingerprints on Pandemic Bug ...** Critics have long questioned why the National Institutes of Health would fund experiments by University of North Carolina of Chapel Hill professor Ralph Baric to develop a technique for hiding evidence of human tampering in laboratory-created super viruses. ... Aided by some \$220.5 million in National Institute of Allergy and Infectious Diseases (NIAID) funding, Baric developed a so-called “Seamless Ligation” technique, which he boasted could perfectly conceal all evidence of human tampering in laboratory-created viruses. Baric nicknamed his invention the “no-see’m” method. ... Now a new study, “Endonuclease fingerprint indicates a synthetic origin of SARS-CoV2,” published on the preprint server bioRxiv, shows that — apparently unbeknownst to Baric — the “seamless ligation” concealment gimmick leaves its own minute but legible signature. ... Most momentously, these same researchers have discovered that damning signature in the genome of the virus that causes COVID-19.

<https://www.shtfplan.com/headline-news/canadian-doctor-warns-50-of-kids-who-got-myocarditis-from-covid-19-vaccines-will-be-dead-in-5-years> ... **Canadian Doctor Warns 50% of Kids Who Got Myocarditis From COVID-19 Vaccines Will be DEAD in 5 Years** ... Dr. Chris Alan Shoemaker, a Canadian doctor with 45 years of experience in emergency medicine, family practice, and on military bases, has made an alarming claim that the five-year survival rate of the Wuhan coronavirus (COVID-19) vaccine-induced myocarditis in children is just 50 percent. ... Host Ben Armstrong shared Shoemaker’s claim in an episode of “The Ben Armstrong Show.” ... The doctor noted that around 95 percent of people in intensive care units are fully vaccinated and this is because their immune systems are already damaged. ... Shoemaker’s works in direct patient care at the West Ottawa COVID Care Clinic and the Eastern Ontario Response Team to COVID-19 have convinced him that the vaccine is more toxic than the virus — meaning they are more toxic, more damaging and more lethal — especially in the long term as it damages the T-cells.

A new study on the origins of the pandemic, “Endonuclease fingerprint indicates a synthetic origin of SARS-CoV2,” published on the preprint server bioRxiv, concludes that it is highly likely that the SARS-CoV-2 virus that causes COVID-19 originated in a laboratory. The odds of a natural origin, according to the study, are placed at less than 1 in 100 million.

<https://newspunch.com/official-study-concludes-covid-19-was-created-in-a-laboratory/> **Official Study Concludes COVID-19 Was Created in a Laboratory** ... A team of three scientists concluded that Sars-CoV-2 was a genetically modified virus, after comparing its structure to that of “wild” and laboratory-borne equivalents. ... according to a preprint released by Valentin Bruttel of Germany’s Wuerzburg University, Alex Washburne of the US-based Selva Analytics research center and Antonius VanDongen of Duke University, also in the US. The paper published this week reported that the three scientists had found a recurring genetic structure element called a restriction site, which they describe as a sign of the virus’ genome having been “stitched” together. ... attempts to debunk this were weak....

<https://www.naturalnews.com/2022-10-26-evidence-excess-mortality-covid-vaccines-cant-get-published.html> **Respected physician researcher finds disturbing connection between excess mortality and COVID vaccines but can’t get data published** ... Dr. Spiro Pantazatos, a clinical neurobiologist and researcher at Columbia University who is now on leave, was a true believer in

the vaccines prior to their release, vowing to remain on self-imposed lockdown until they were available to the public. But then he did what researchers are supposed to do: He started looking at data once the shots became widely available, and he found a disturbing connection between higher mortality and vaccinated people. ... Notes the Rair Foundation: “While life insurance companies began screaming from the rooftops in the late spring of 2022, Dr. Pantazatos was well ahead of the game, producing a paper that demonstrated this link in October 2021. But nobody wanted to read his findings, and no medical journal would publish the paper.” ... <https://naturalnews.com/2022-10-18-fema-bribery-covid-vaccine-death-certificate-coverup.html> **Deep state deception: FEMA bribed father to falsify death certificate in latest covid vaccine cover-up** ... The father of a 16-year-old boy who got “vaccinated” for the Wuhan coronavirus (Covid-19) with Pfizer’s mRNA (messenger RNA) injection and died five days later is speaking out about how the federal government is now trying to bribe him to change the cause of death on the boy’s death certificate. ... If Ernest Ramirez agrees to change his son Ernesto Jr.’s cause of death from heart inflammation to “covid,” the Federal Emergency Management Agency (FEMA) is willing to pay him tens of thousands of dollars as payment for his services in support of Operation Warp Speed. ... Ramirez appeared on “The Absolute Truth” with Emerald Robinson to talk about his son and the government’s attempted manipulation of his cause of death. Ramirez explained that he did not take FEMA’s offer because it is not about money, but rather about honesty and helping others avoid what happened to his son. ... The segment opened with U.S. Centers for Disease Control and Prevention (CDC) head Rochelle Walensky talking about how children even younger than Ramirez’s son should get injected for Chinese Germs, all with a “duper’s delight” grin on her face. ... Ramirez then appeared to talk about how his son’s health took a major turn for the worst after getting stabbed with Pfizer’s needle, presumably in order to continue attending school.

New definitions for old words. ... “Covid” has always been nothing but a pandemic of terminology. The fluid nature of “fully vaccinated” is just another example. ... It has already ballooned from “double-jabbed” to “boosted” and “double-boosted”, and with new “vaccines” expected for all the variants, it doesn’t look like any end is on the horizon. ... <https://stateofthenation.co/?p=140185> **COVID Vaccines Causing Death Can Be Proven** ... abstract: “The current report presents the case of a 76-year-old man with Parkinson’s disease (PD) who died three weeks after receiving his third COVID-19 vaccination. The patient was first vaccinated in May 2021 with the ChAdOx1 nCov-19 vector vaccine, followed by two doses of the BNT162b2 mRNA vaccine in July and December 2021. The family of the deceased requested an autopsy due to ambiguous clinical signs before death. PD was confirmed by post-mortem examinations. Furthermore, signs of aspiration pneumonia and systemic arteriosclerosis were evident. However, histopathological analyses of the brain uncovered previously unsuspected findings, including acute vasculitis (predominantly lymphocytic) as well as multifocal necrotizing encephalitis of unknown etiology with pronounced inflammation including glial and lymphocytic reaction. In the heart, signs of chronic cardiomyopathy as well as mild acute lympho-histiocytic myocarditis and vasculitis were present. Although there was no history of COVID-19 for this patient, immunohistochemistry for SARS-CoV-2 antigens (spike and nucleocapsid proteins) was performed. Surprisingly, only spike protein but no nucleocapsid protein could be detected within the foci of inflammation in both the brain and the heart, particularly in the endothelial cells of small blood vessels. Since no nucleocapsid protein could be detected, the presence of spike protein must be ascribed to vaccination rather than to viral infection. The findings corroborate previous reports of encephalitis and myocarditis caused by gene-based COVID-19 vaccines.” [emphasis added]

By March of that year, a number of agencies within the federal government were developing broad measures to help prop up the markets and the economy in general.** At the time, then-Transportation Secretary Elaine Chao bought more than \$600,000 in a pair of stock funds even while her agency was working up policy responses to the widening pandemic. <https://www.naturalnews.com/2022-10-28-nfl-giving-their-players-ivermectin-as-prophylactic.html> ... Mailbag bombshell: The NFL is giving their players IVERMECTIN as a prophylactic AND to prevent "positive" COVID tests ... The hypocrisy of the elites. I doubt that many professional sportsball players in the US are jabbed. The fact that we're not seeing players dropping dead of "Suddenly" the way it's happening amongst soccer players in Europe (HUNDREDS of soccer players have been killed by the injections), and among high school and college athletes in the US tells me that the American professional sports team owners protected their "assets" by lying to the public about their players being injected AND making sure that the players are using Ivermectin. But really, the most compelling datum is the fact that if the NFL players were actually injected, THEY'D ALL BE SICK NOW, because the injections cause Antibody Dependent Enhancement – they fry your immune system and turbocharge viruses.
